

Northern Medical Clinics

Serving the North since the 1950's

March of Dimes' Northern Medical Clinics offer northern Ontarians appointments with visiting medical specialists and surgeons for individual consultations and follow up appointments. Clinics are held several times throughout the year in Cochrane, Hearst and Kirkland Lake.

Ontario

MINISTRY OF HEALTH AND LONG-TERM CARE

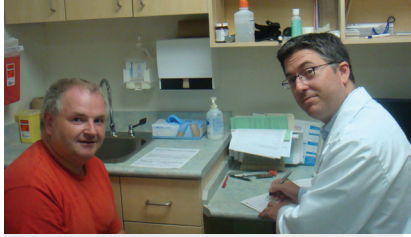

United Way

Northern Medical Clinics

Northern Medical Clinics save people the time and expense of travelling to southern Ontario for consultations. Visiting surgeons and specialists volunteer their time and donate any OHIP fees to March of Dimes.

Northern residents must be referred by a family physician for consultation. There are approximately 1,200 clinic appointments each year that serve the northern communities and surrounding areas of Cochrane, Hearst and Kirkland Lake.

Dr. Dale Dantzer, Upper Extremities Surgeon, North York General Hospital with patient Michael Hastings.

The clinics are supported by partnerships with local funders, community health services providing clinic space, and by our dedicated staff and many volunteers.

Areas of Care and Average Annual Visits

Rheumatology	5 visits per year
Spine	5 visits per year
Hip and Knees	10 visits per year
Paediatric Orthopaedics	3 visits per year
Osteoporosis	2 visits per year
Upper Extremities	2 visits per year
Foot and Ankle	2 visits per year

Visit www.marchofdimes.ca/clinics for the updated clinic calendar.

Dr. Andrew Howard, Paediatric Orthopaedic Surgeon from Sick Kids Hospital, and his wife Dr. Lianne Tile, Osteoporosis Specialist from Toronto General Hospital, volunteer their time and donate OHIP fees to the Northern Medical Clinics.
